The executive members of NSChE Edo/Delta chapter paid a courtesy visit to the management of WRPC. The delegation which was led by the branch chairman, Engr. Rosemary Imhanwa congratulated the Managing Director and the Executive Director Operations who are both Chemical Engineers on their appointment and election into the fellowship of the Nigerian society of Engineers. She used the opportunity to thank the management for their support and also seek for collaboration on chapter's activities. Engr. MTH Williams urges them to find them to share their wealth of experience through Technical Presentation, pointing out that the younger ones will be encouraged to have their presence in our meetings. Engr. Idiata also thanked the management for their supports and asked them to continue to do more as this has ripple effect on the chapter's group dynamics position.

Speaking at the visit, the MD and EDO thanked the entourage for the visit and reaffirmed their commitment as proud members of the society. Plaques were presented to the duo in appreciation

NSChE Visits PTI, seeks for Collaboration

The management of Petroleum Training Institute on 30TH August, 2018, received the executive members of Nigerian Society of Chemical Engineers, (NSChE) Edo/Delta Chapter. The delegation was led by the chapter chairman, Engr. Mrs. Rosemary Imhanwa and was warmly received by the top management of PTI led by the Principal and Chief Executive of the institute, Prof. S.E Iyuke, a renowned Chemical Engineer per excellence,

who was excited to be visited by his professional members.

The Chairman said that the purpose of the visit was to familiarize with him as one of our own and want him to use his good offices to encourage other Chemical Engineers under him to identify with the chapter.

She further stated that the chapter will be happy to have him in one of our monthly meetings as a special guest possibly to share some of his wealth of experience with the younger ones.

She also seek for collaboration and support of the institute especially on the forthcoming Annual Public Lecture.

In his reaction, Prof. S.E Iyuke, pledged his unalloyed support to the Chapter and the Society at large. He promised to demonstrate his commitment by upgrading his membership status. He further listed avenues through which the Chapter and Institute could interface and collaborate. He proposed the establishment of a Trust Fund, where all establishments with Chemical Engineering professionals would be obliged to contribute periodically for the support the activities of the society.

After the interactive session, the Institute's Director of Research, Dr Umoh, led the delegation to the exhibition stand of Final year Students' Project Poster Presentation. The entourage was amazed at the display of intellectual prowess of the students .

The Registrar of the Institute, Mr. Siakpere, thanked the delegation for the visit and promised that all demands made by the chapter will be looked into . Earlier on, souvenirs were exchanged by the PTI Principal and Chairman of the chapter as a sign of good things to come.

NSChE PTI chapter organizes students week

The Annual students week of NSChE PTI chapter was held on 31th July to 3rd August, 2018. The Students' week witnessed a large turn out of student members of the society.,

Speaking at the occasion, the Chief executive officer /Principal of Petroleum Training Institute , Prof. Sunny Iyuke who was represented by Engr. J.A. Ewodere appreciated the students for a well-organized Engineering week . He urged them to be serious with their studies as that is the reason for coming to school . Paper presentations were made by Engr. MTH Williams ,FNSCHE and other distinguished lecturers for the Department of Petroleum and Natural gas Processing. As part of the students Week ,free training on Health Safety and Environment and skill acquisition trainings were given to students. These were organized to encourage them to be self –employ after graduation.

The Engineering week ended with a dinner and Award night where outstanding students and lecturers were recognized for their achievements' and dedication to the society.
